

# Kids Have Been Crazy For Thousands of Years

music and lyrics ©2017 Jaye Krebs (SOCAN)

Dad says I am crazy cause of crazy things I do  
but Nanna says, when he was young, my dad was crazy too  
Great-Nanna says that Nanna was a crazy little tyke  
And I've heard Great-Nanna, as a child, was really crazy like

chorus

**Kids these days (the grownups say) are not like days of old  
These kids are strange and acting crazy, totally outta control  
But I have to tell you something, it's worse than it appears,  
Lookin back in time you're gonna find  
Kids have been crazy for thousands of years!**

When Englands Queen was just a little child  
She went to bed with a patch upon her eye  
A real authentic bedtime buccaneer  
Kids have been crazy for thousands of years

When good King Aurthur was a little boy  
His mom and dad would really get annoyed  
He'd hang around swinging from the chandeliers...  
Kids have been crazy for thousands of years!

chorus

Caesar was a little lad in Rome  
He just could not leave well enough alone  
He tied his toga up around his ears  
Kids have been crazy for thousands of years!

In Egyypt there was young King Tut  
(a real nice kid but still a crazy nut)  
He'd climb the pyramids like a mountaineer...  
Kids have been crazy for thousands of years!

chorus

In caveman homes they had no puppies yet  
A fearsome tiger was the family pet  
The baby poked and pulled him by the ears...  
Kids have been crazy for thousands of years!

chorus

but I have to tell a secret and then you'll know the score  
prepare yourself for what's in store  
Kids will be crazy a thousand years more!
